

Action Glass & Aluminium is committed to continuous improvement of our business operations in order to protect the environment, in accordance with the requirements of the law, our clients, and expectations of the general community.

We understand that care for the environment is an essential part of conducting our business operations.

In applying this policy, Action Glass & Aluminium activities shall be controlled by the following principles:

- We shall abide by all relevant laws, Acts, Regulations and Standards.
- We shall plan, develop, implement and monitor relevant procedures and standards to minimise any unfavourable environmental impact that may result from our business activities.
- We are committed to working towards and aligning our business management systems with the core ISO: 14001.2016 Standards for best practice Environmental Management.
- Our employees shall be encouraged to develop a sense of responsibility for the protection of the environment.
- We will ensure that our employees are informed of our policy and are aware of their environmental responsibilities in relation to the Action Glass & Aluminium business activities.
- We aim to recycle all materials where possible and in accordance with developing recycling regulations

We will periodically review this policy to ensure we are providing the best possible service with minimal impact to our environment.

John Mitsikas
Managing Director
